

# OCTOBER 2024 BOM | SCRAPPY FOUR PATCH

This block was a venture into new territory for me (more 'never have I ever...'). I have made my fair share of four-patches but have never done this type of scrappy piecing. Once I got over my discomfort with the process (perhaps I should have found a tutorial), I just waited to see what happened!

Rules, using  $\frac{1}{4}$ " seams:

- The patches should be scrappy pieced with minimal/no solids
- High contrast of light and dark
- Unfinished block is  $10\frac{1}{2}$ "

Each of the patches should have a final trimmed measurement of  $5\frac{1}{2}$ "

Piece a light to a dark, press toward the dark patch, then join rows:

VOILA!!
