

HEART SHAPE COMFORT PILLOW

Fabric Requirement: 2 15-inch square fabric pieces

1. Print out section A and B templates. Line up dotted lines and tape together. Cut out the half heart shape.
2. Place straight edge of template on fabric fold. Cut outer edge. Cut 2 fabric pieces.
3. Open fabric pieces. (May want to press before sewing)
Place right sides of fabric together sewing outer edge with $\frac{1}{4}$ inch seam allowance, leaving a 3-inch opening on one side.
 - a. TIP: to avoid a blunt bottom point of the heart shape. Stop sewing 1 stitch before the point. Make 1 stitch diagonal to the other side of the point, then continue sewing. Trim the point section diagonally across. This will create a sharper point when it is turned right side out.

4. Clip seam allowance all around the shape. Turn right side out and stuff with polyester stuffing.
5. Whip stitch the opening closed with tiny hidden stitches.
