

December 2026 BOM | Simply Solids

Going for super easy during the holiday season!!

So, Yes, you will be making two blocks. But, No, there will not be two winners as in October. The intention here is to have the final quilt block seams NOT line up, as you can tell. There was no way to randomize this so... **PLEASE MAKE BOTH BLOCKS FOR THIS TO WORK!!**

Rules, using $\frac{1}{4}$ " seams:

- Colors: **ALL SOLIDS**, four per block, you decide...**HOWEVER:**
- Choose **one SOLID that is WHITE or LIGHT GRAY**.
- The WHITE/LIGHT GRAY solid will be used **IN EACH BLOCK, but in TWO DIFFERENT POSITIONS**. You can decide where!
- When the block is completed you will have (2) $12\frac{1}{2}$ " square blocks...**DO NOT JOIN OR TRIM!**

Cut **LEFT** block, from square→outward:

A: (1) $5\frac{1}{2}$ x $5\frac{1}{2}$ " square

B: (1) $5\frac{1}{2}$ " x 3" side; (1) 8" x 3" top

C: (1) 8" x 2" side; (1) $9\frac{1}{2}$ " x 2" top

D: (1) $9\frac{1}{2}$ " x $3\frac{1}{2}$ " side; (1) $12\frac{1}{2}$ x $3\frac{1}{2}$ " top

Cut **RIGHT** block, from square→outward:

A: (1) $4\frac{1}{2}$ x $4\frac{1}{2}$ " square

B: (1) $4\frac{1}{2}$ " x 3" side; (1) 7" x 3" top

C: (1) 7" x 4" side; (1) $10\frac{1}{2}$ " x 4" top

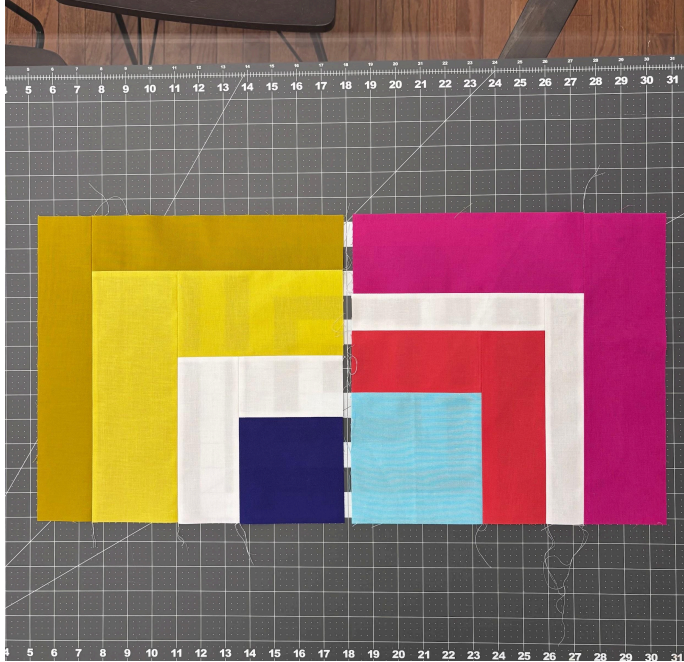

D: (1) $10\frac{1}{2}$ " x $2\frac{1}{2}$ " side; (1) $12\frac{1}{2}$ x $2\frac{1}{2}$ " top

Piece starting with the side of the square, then the corresponding top of the same color.

Press seams open as you work your way from side to top.

December 2026 BOM | Simply Solids

That's it!

You will have **TWO**
12-½" blocks.

DO NOT JOIN THEM!

The winner can decide
the layout depending
on what she
receives 🌺
